

# Water Finance Coalition

## ABOUT US

The Water Finance Coalition (WFC) is chaired by the Development Bank of Latin America (CAF) and its co-chairs are the Agence Française de Développement (AFD), and Banco Nacional de Obras y Servicios Públicos (BANOBRAS). The Secretariat is hosted by IRC Wash.

## MEMBERS

The Coalition has 74 active members that actively participate to the Coalition's meetings and work plan and meet regularly to discuss the advancements of the initial Statement on Financing Water and Sanitation from 2021. See Annex for the full list of members.

## OUR OBJECTIVES

To improve the financing of water and sanitation in order to achieve Sustainable Development Goal 6, the Paris Agreement goals and to contribute to biodiversity protection.

## KEY MESSAGES

- There is an **estimated financing gap of US\$114 billion to achieve only universal coverage for water and sanitation**, not including the need to reparation and replacement of ageing infrastructure, or the costs of projected population growth and urbanization. **NDBs and SDBs are underused and can have the potential to raise the finance to achieve the SDG 6.**
- **Billions of people lack access to essential water and sanitation services (3.6 billion for sanitation, 2 billion for water)**, affecting livelihoods, health, biodiversity, and worsening climate challenges.
- Recent research from IPCC show that **most SDGs cannot be met without access to adequate and safe water.**

## MAIN ACHIEVEMENTS

- The Coalition **has nurtured collaboration and communication** with its members.
- The Coalition has been able to **introduce WFC in critical global events**, such as the United Nations Water Conference 2023 and the Finance in Common Summit.
- The Coalition produced a **Water Toolkit** that elaborates on the links between water and sanitation sector and climate change, outlines how PBDs can leverage the climate finance potential of their **activities**, and details activities and PBD case studies of mitigation and adaptation from around the world.
- The Coalition offered **two coaching sessions on the Water Toolkit** with WFC Banks, BOAD, and VDB (Vietnam).
- The Coalition is working **on a small-scale technical assistance** to help BNB (Brazil), VDB (Vietnam) and DBZ in Zambia **establish a roadmap for increasing their financing in the water sector**.

---

## ROADMAP 2024

- WFC will focus in creating a stable and growing organization that **raises awareness on PBDs' role in water security financing**. Initiatives will include building an events calendar, establishing a knowledge database, preparing thematic proposals, conduct studies and developing a strategic framework for measurable progress.
- WFC aims to **expand its technical assistance on how to increase financing in the water sector** to other banks have not benefitted yet.

## LIST OF MEMBERS

Association of National Development Finance Institutions in Member Countries of the Islamic Development Bank	ADFIMI
Agence Francaise de Développement	AFD
Banco Nacional de Obras y Servicios Públicos	BANOBRAS
World Bank Group	WBG
